

## What if a result is missing on my racer history?

Article Number: 459 | Last Updated: Tue, Aug 24, 2021 1:34 PM

- If you find a problem, email as much information as you have to [competitionservices@usskiandsnowboard.org](mailto:competitionservices@usskiandsnowboard.org)
- We will check to see if the athlete is listed in either the electronic copy or official hard copy of the results. If they are, we can correct the problem and points will be recalculated then or on the following list, depending on the scenario.
- If the athlete is not included in the official results, they must obtain a new copy of the result signed by the TD. Contact the Race Administrator in a case like this. They can track down the results for you.
